For illustration purposes only - TJM Underbody guards feature SA5 Coating

## TJM TRANSMISSION GUARD HOLDEN COLORADO

TJM Underbody Guards provide excellent underbody protection and are specially designed for each vehicle. Each TJM Underbody guard is SA5 Coated to provide excellent rust protection.

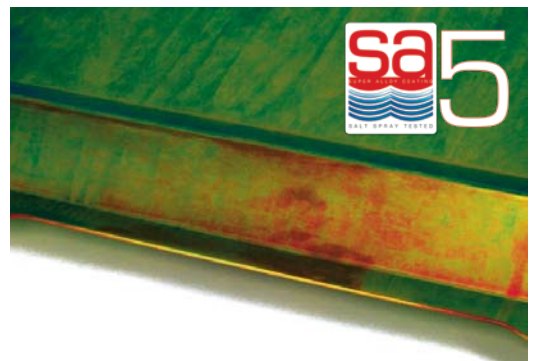

### FEATURES & BENEFITS

- 3mm thick steel sheet
- Provides excellent underbody protection
- Press folded (Brake Press) to increase strength
- Super Alloy 5 finish
- Drain access holes for sump and transmission where necessary.

### Statement from the coating manufacturer:

*"Super Alloy 5, also known as SA5 is an electroplating process that has a far superior corrosion resistant priority than zinc electroplating.*

*Independent testing has shown that the SA5 coating in some applications will withstand 1000 hours of salt spray testing before evidence of red rust."*

### BUT WAIT, THERE'S MORE

ARE YOU LOOKING FOR SOMETHING EXTRA? TJM HAVE A RANGE OF PRODUCTS FOR YOUR COLORADO, HERE'S JUST SOME OF THEM.
