About us

Back in the 70’s when 4WD’s were few and far between, three adventure seeking mates got their ‘off road thrill’ with customised FJ40s, F100s & Rovers. Each fitted with custom made bull bars, roll bars and sand tyres – they drew the attention of friends and bystanders. Before long, Lloyd Taylor, Cliff Jones and Steve Mollenhauer were making hand-made custom bars for a growing number of fans. As the demand continued to grow, they decided it was time to get serious.

In 1973, with little more than their combined initials, shared passion and appreciation for quality products - TJM was founded and the rest is history. They were pioneers and TJM became the first company in Australia to manufacture and distribute quality 4WD equipment.

Our product range has extensively grown to include; steel and alloy bull bars, nudge bars, side and rear protection bars, side steps, trade racks, roof racks, TJM recovery equipment, TJM winches, TJM XGS suspension, Airtec snorkels, TJM Pro Lockers and TJM roof top tents & awnings.

While TJM has grown to be a sophisticated operation, we have never forgotten the key elements that resulted in the formation of the brand.

Trust; from the quality of manufacturing.

Pride; in our innovative designs.

Adventure; heading out from suburbia and experiencing the wonders of our unique and breathtaking country, Australia.
PERFORMANCE YOU CAN RELY ON

Strength is the foundation
Like your home, every TJM canopy is built on a strong foundation. The integrated base rails are fundamental to the design. Equally important are the composite materials and processes that are used to build each fibreglass canopy. This guarantees performance and longevity you can rely on.

What you really need to know
Weather-tight performance is so important, nothing is left to chance.
Windows are installed using a customised rubber seal with an encapsulated foam core. The seal forms a water barrier between the window and the canopy shell, to keep your valuables dry.

Be smart, look smart
Accessories need to be complementary to the overall appearance of your vehicle. All TJM canopies are designed to match the vehicle lines and style for each and every application.
CUSTOMISABLE
Truly make your Crown Canopy your own with our extra options. Add features that will make your canopy an extension of your vehicle and your lifestyle.

Internal LED Light
Keeps your canopy accessible no matter the time of day or night.

Colour Coded
Match the colour of your TJM Canopy to your vehicle.

Security Mesh
Keeps your gear secure or stops your pets poking out the window.

BUILT STRONG
BUILT TO LAST
Developed to precisely fit the curves and shape of each vehicle. It’s look is designed to blend with the strength and robustness that’s legendary with every TJM Canopy.
