TYPE 15 ALLOY protection bar

- Lightweight polished aluminium
- 76mm diameter raised centre section
- Improved approach & departure angles
- Dual HF tested aerial mounts
- Polycarbonate indicator/park assembly

TYPE 15 STEEL protection bar

- Steel
- Zinc treated & polyester powder-coated
- 3mm steel channel construction
- 76mm diameter raised centre section
- Improved approach & departure angles
- Dual HF tested aerial mounts
- Polycarbonate indicator/park assembly

TYPE 16 STAINLESS STEEL high loop grille guard

- T304 Stainless Steel
- 76mm diameter tube
- Fits neatly over the original bumper
- Mirror finish
- Fully welded construction
- Driving light compatible
- Stylish & sporty

TYPE 16 STAINLESS STEEL low loop grille guard

- T304 Stainless Steel
- 63mm diameter tube
- Fits neatly over the original bumper
- Mirror finish
- Fully welded construction
- Driving light compatible
- Stylish & sporty
CLASSIQUE ALUMINIUM SIDE STEPS
- Custom designed alloy extrusion
- durable mounting system
- non-slip tread

STYLEMASTER II SIDE STEPS
- Anodised aluminium
- Black powder coated steel mounts
- Moulded end caps
- Non-slip tread

TJM ACCESSORIES
ute liner & mats
- Excellent tray protection
- Custom moulded to suit vehicle
- Made from high impact polyethylene
- UV light resistant
- Resistant to most chemicals.
- Easy to install
- Constructed from 8mm thick recycled rubber.

TJM ACCESSORIES
underbody guards
- 3mm thick Steel
- Provides excellent underbody protection
- Super Alloy 5 finish
- Press folded to increase strength
- Drain access holes for sump and transmission where necessary.

- Manual override switch
- Auto disconnect function
- Starts on main battery
- 200 amp nagares relay (IBS)
- Spike protection
- Maintenance free
- Swiss made quality & technology.

TJM ACCESSORIES
dual battery frames
- 2mm thick cold rolled steel
- Laser cut for quality fit
- MIG welded for maximum strength
- Super Alloy 5 coated finish
- Supplied complete with mounting hardware including battery clamps
- 3 year warranty.
- Fitting a TJM Airtec Snorkel means the air supply is drawn from roof level providing cooler and cleaner air to the engine.
- Because the air supply is drawn from roof level, dust is not as thick and plentiful in the engine bay or inner guard. This will help extend the life of the air cleaner element, reducing the wear of vital components.
- With the sealed TJM Airtec Snorkel, well above water level, you can expect worry free water crossings.

**FEATURES & BENEFITS**
- Tough & durable
- Utilises heavy duty aluminium hardware
- Designed and manufactured specifically to withstand our rugged Australian conditions
- Hand laid fibreglass shell
- Durable resin based gelcoat exterior and flowcoat interior
- Tempered 4mm safety glass all round. Tinted glass at the sided and rear
- Triple position locks on the sliding windows for ventilation and security

- T-handle for rear door.

**OPTIONS**
- 2 pack colour coding
- Side access windows
- Rear brake light
- Security mesh.

TJM XGS 4WD Suspension have a number of kits available for all Toyota Hilux’s, to meet specific needs. Towing, load carrying and ground clearance can all be improved while still retaining ride quality.

**POLYAIR SPRINGS SYSTEM**
- Coupled with TJM XGS Springs and Shock Absorbers, the Polyair Spring further assists in solving suspension problems and greatly improves handling, ride height and stability of your vehicle. A pressure increase of between 5 to 25psi will give a load increase of between 10 to 60%.

- High grade steel
- Resolves harsh ride or sag when under load
- Multi-leaf design
- pre-stressed to reduce possibility of sagging
- Available in medium or heavy duty load carrying capacities
TJM OX Hand Winch

TJM OX Electrical Winches

TJM OX Hydraulic Winches

TJM OX Magnetic Winches

TJM OX Recovery Bags & Kits

TJM OX Tow Hooks

TJM OX Snatch Blocks

TJM OX Compressors

Steel
- Zinc treated & polyester powder-coated
- 50mm diameter tube
- Engineered mounting system
- Excellent sill protection
- Excellent panel protection
- Excellent flare & wheel arch protection

- Lightweight polished aluminium
- 3.2mm wall thickness tubing
- Improved approach & departure angles
- Polycarbonate indicator assembly
- Accomodates large driving lights
